EJTN ADMINISTRATIVE LAW PROJECT
EU Competition Law
[AD/2019/09]
On-Line Classroom

With financial support from the Justice
Programme of the European Union

Two morning training sessions focused on the topics of EU Competition Law. The training aims at providing judges already dealing with competition cases and will be focused on the relationship between Competition Law and Sector Specific Regulation, digital economy, big data, innovation and inequalities, public and private antitrust

enforcement. Speakers are expert practitioners and trainers who will present their report on the selected issues according to a legal and economic perspective. The training will also serve as a forum for the exchange of knowledge and best practices between judges from across the EU.
